• Worked in diverse software environments using Agile, Scrum, SDLC software development methodologies into both server side and client side.
• Knowledge of OOAD, Design patterns.
• Programming skills in Core Java, JSP, JSTL, Servlets, Struts 1.3,Struts 2.0, JDBC, XML, CSS, JavaScript, JQuery, JQuery UI, DWR
• Configuration management Tools used: Tortoise SVN, CVS

Global Logic Inc, Noida	:	**December 2012 to Present.**
Religare Technologies Ltd, Bangalore	:	**June 2011 to November 2012.**

SOFTWARE PROFICIENCY

Programming Language	:	J2SE 1.6,J2EE 1.6,groovy 1.8
Web/Application Server	:	Tomcat Server 6.0.14, JBOSS 6.
Database	:	MySql 5.1, Oracle 10g, SQL Server 2005.
Scripting Languages	:	HTML 5, DHTML, JavaScript, JQuery 1.7.
Technology	:	JSP, Struts, Ajax ,DWR 2.0,CSS3
Framework	:	Struts 1.3,Struts2,Hibernate 3.5,OFbiz 11.0.9,Spring 3.5,
Tools	:	Net Beans 7.0, Eclipse Indigo, My Eclipse 8.6,Spring Tools Suites.
Reporting Tools	:	I Reports 3.0.0

PROJECTS DETAILS

CABi   **January 2012 to Till Now**

1) **DESCRIPTION**: - This project is a E Commerce application for a client named CABi, which is basically into a clothing merchandising .In this application we have different level of users like CAM, Consultants and Guests, to whom we had different level of authority. Consultant can create a show, add new guest, invite them and send the invitation to them as soon as the guest read the invitation, Consultant got the report and system automatically create a login credentials for that guest. My role in team is to authenticate the user on LDAP, creates the build, importing of contact from different mailing sites like G mail, yahoo, face book etc. As we were having the requirement like we have to search a person with minimum distance from the given address. For that I had implemented the algorithm to search the person with the minimum distance from the address we had entered using the polygons.

- **Project**   :CABi
- **Client**   : **Carol Anderson.**
- **Time Duration**   : December 2012-Till now.
- **Role**   : Development.
- **TECHNOLOGY USED**   : JavaScript, Webservices,Hibernate 3.5, Servlet 2.3, XML 1.0, JQuery, Spring MVC.
- **Server**   : Tomcat Server 7.013.
- **PLATFORM**   : Ubuntu 13.04

MPower	January 2012 to November 2012

2) DESCRIPTION: - This project is a Human Resource Management System for maintaining the records of employees working in that Hospital .Employees are having access on the basis of their authority. An employees is able to raise the request for day to day working and get it approved by its respective supervisor .It has different modules like Employee which is maintaining the records of employees, Leave Module which is maintaining the leave records on the basis of nature of employment, Man Power requisition module which is maintaining the records of the recruitment on the basis of the requirement of the organization and the nature of work .This module is integrated with the external portal of the hospital which is taking the data from the candidate and after that sorting the data on the basis of requirement.

- ○ **Project**   :MPower
- ○ **Client**   : **Emirates International Hospital**.
- ○ **Time Duration**   : January 2012-November 2012.
- ○ **Role**   : Development.
- ○ **TECHNOLOGY USED** : JavaScript, Struts1.3, Servlet 2.3, XML 1.0, DWR 3.0, JQuery.
- ○ **Server**   : Tomcat Server 6.013.
- ○ **PLATFORM**   : Windows XP

Responsibility: - Nature of work involves business analysis, database design and GUI (Graphical user interface) design and coding. Involved in resolving the issues/bugs and project deployment. Facing critical problem of project design and development of WebPages using JSP and client side validation using JavaScript with N-TIER system such as business logic, database layer and presentation layer.

MyCampusPower	June 2011 to December 2011

3) DESCRIPTION: - This project is an ERP for Colleges where one system is treated as a centralized Server, installed with application and the whole college fetches data from that particular server .This Software is automating the day to day working of college from manual to automated one like Library automation, Account Management, Attendance Automation, Transportation Management etc

- ○ **Project**   : My Campus Power
- ○ **Role**   : Development
- ○ **TECHNOLOGY USED** : Java 1.3, JSP, Ajax, JavaScript, Servlets 2.3, Struts 1.3.
- ○ **Server**   : Tomcat Server 6
- ○ **PLATFORM**   : Windows XP

Responsibility:-As a team member and involved in coding, Team handling and face client interaction. Facing critical problem of project design and development of WebPages using JSP with N-TIER system such as business logic, database layer and presentation layer.

EDUCATIONAL QUALIFICATION

MCA from Uttar Pradesh Technical University,Lucknow with 70%
BCA from MJP Rohilkhand University, Bareilly in 2008 with 69%.
Intermediate from ISC in 2005 with 69%**.**
Matriculation from ICSE in 2003 with 69%.

Summer training

Worked on Live Project training of 45 days on **"Finger Print Recognition and Detection"** on Java in CMC Ltd, Noida.

Extra Co curricular Activities

1) Attended the first National Level Conference on **"Personality Development"** in TMIMT, Moradabad.
2) Won 2nd Prize in Technical Quiz organized by Invertis University at National Level.
3) Active Participant in Uttar Pradesh State Level Basket Ball team of year 2006.
4) Won 2nd prize in Volley ball in College level Volley ball competition.

PERSONAL PROFILE

Father's Name	:	Shri Rakesh Kr. Sharma
Date of Birth	:	18 July, 1987.
Gender	:	Male.
Marital Status	:	Single.
Languages Known	:	Hindi, English.
Present Address	:	Pankaj Sharma, 3rd floor, C-495, Greater Noida, Delhi-201308

DECLARATION:

I do hereby declare that all the statements furnished are true to the best of my knowledge and belief.

PLACE: Noida
